

Raquel Cruz Conceição was born in Lisbon, Portugal. She is an Assistant Professor at Faculdade de Ciências, Universidade de Lisboa, Portugal. She holds a PhD in Electrical and Electronic Engineering from the National University of Ireland Galway and a Masters in Biomedical Engineering from Universidade Nova de Lisboa, in 2011 and 2007, respectively. She has 10 years of research experience on the topic of Microwave Imaging, developing techniques to detect and classify breast cancer. She is the chair of COST Action TD1301 (Microwave Medical Applications, MiMed), and organises bi-annual meetings for over 200 research and medical participants from 30 countries. She has secured several research grants since 2005, most significantly a FP7 Marie Curie Intra European Fellowship. She has supervised and mentored over 20 Master and PhD students, published 15 journal papers and 30 conference papers, co-authored with over 50 international researchers, acted as reviewer for 18 journals and conferences, and is Associate Editor for Medical Physics. Also, she has been awarded the ANACOM URSI Portugal prize in 2013 and URSI Young Scientist in 2014 and 2017, among other 6 prizes and awards.
